Cannes Mandelieu: the 1st golf destination of the French Riviera

Golf-lovers, you have everything you could possibly wish for. From the Pullman Cannes Mandelieu Royal Casino, you are just a few minutes walk from the Old Course Golf, the oldest golf course of the French Riviera,.

Cannes-Mandelieu is the leading golf destination with 2 courses: the Old Course Golf and the Riviera Golf de Barbossi just a 10-minute drive from the hotel.

The Old Course, one of the oldest golf courses in France

Designed by the English architect Harry Colt in 1891, at the request of the Grand Duke Michael of Russia, the Cannes-Mandelieu Old Course was the first golf course to be created between the sea and the coastal river of Siagne. This magnificent natural site with its huge shady pines, gave rise to a unique and highly original course, with players at one point having to cross the Siagne on a ferry boat.

The renowned 18-hole course (5749 m, par 71) together with a 9-hole course (2118 m, par 33) regularly plays host to competitions and major events. With superb links, wide fairways and undulating greens, the two courses, both picturesque and technically challenging, delight players of all levels. Particularly charming is the river crossing to get to the 3rd hole.

The Riviera Golf de Barbossi

Under the shade of centuries-old cork oaks, maritime pines, olive trees and mimosa, the Riviera Golf de Barbossi is one of the most beautiful golf courses of the French Riviera.

Designed by the American architect Robert Trent Jones Sr, over a length of 5444 metres it offers a 72-par, 18-hole course in a rolling green setting.

It alternates technical difficulties, strategic challenges and tactical choices while ensuring every ounce of pleasure is preserved.
